The mystery of KONA KAI

Legend has it that Tiki, South Sea god of abundance and joyous comfort, once sought the most perfect setting for a timeless paradise full of laughter and happiness.

He spends great effort and much time in sharpening his senses, so that would know for certain when he had discovered his own Garden of Eden. He traveled throughout his land.. to the glorious mountains, so grand and pure, but Tiki found his mountains better suited for inspiration and meditation than for joy and merriment. He journeyed to the magical rain forest so lush and full of life. But the sun did not shine so well through the luxurious forest, and flowers were not abundant and bright.

At last his quest led him to the sea... to a perfect lagoon called **KONA KAI** . There he found the utter perfection he sought. This incredible bay was swept with soft trade winds, had in gentle sunlight, and sheltered from storms and midday heat. Brilliant flowers grew in profusion and music rang soothingly from peaceful waterfalls.

Tiki still stays at KONA KAI... basking in its perfection and blessing all his followers with abundant joy and happiness.
