TEDSMONTANAGRILL.COM

Ted's Montana Grill proudly serves naturally raised bison as a healthy alternative and the perfect choice for an increasingly healthy and environmentally conscious America. As a native part of the North American ecosystem, bison have a low impact on the natural environment. And our commitment to bison ranching has contributed to the resurgence and survival of the bison in the North American ecosystem. We made a choice here at Ted's Montana Grill so you could make one too.
