WE ARE DRIVEN - GUEST-DRIVEN

Courtyard was created in the early 1980s in response to the need for a new type of hotel that anticipates guests' needs and consistently provides them with what they value most - functionality, safety, consistency, comfort and value. Today, Courtyard has expanded into more than 30 countries, accommodating local customs and incorporating cultural differences to enhance the guest experience.

Courtyard has always excelled at operational excellence, but today we are embarking on a new journey that we call 'Refreshing Business' to take us to the next level and provide guests with an environment that offers smart, energizing choices that allow them to make the most of their time on the road and make the most of themselves by staying connected, productive and refreshed during their stay.
