Fun for all the Family at JW Marriott Cairo & The Beach at Mirage City

If the Kids are happy, then everyone's happy — and at JW Marriott Cairo – the only real sandy beach in Cairo, this is certainly the case.

The resort is spacious, covering 400 acres, and is the only property in town that offers this unusual themed venue with its fascinating waterfalls, fountains, exotic lighting and real waves crashing onto a natural sandy beach.

The JW Marriott Cairo is perfect for families. The happy sounds of laughter are a delight to parents who can enjoy precious time together, knowing that their little ones are in good hands.

“With our friendly beach attendants and certified trained life guards, the combination of staff and children is so easy and natural”, states Magdy Naguib, the General Manager. “The children who enjoy our properties today are, of course, the next generation of Marriott clients. Marriott is a family business with over 75 year experience of making memorable vacations”, he continued.

The children just can't wait to get to The Beach each day which has a fun-filled and varied activities program, while Mum and Dad spend time relaxing by the pool, or pamper themselves at the health club, play tennis or golf, catch up on reading, or just spending quality time together. It is wonderful to see families enjoy the activities together as they make those precious memories that last for many years to come”, he continued.

This themed swimming complex offers excitement and flexibility for outdoor events and is an ideal setting for, birthday parties, cocktails receptions, fashion shows, themed corporate parties & product launches, for 500 to 1000 persons.

Reservations can be made through the hotel's reservation office by telephone on 2 (02) 2411 5588, fax, 2 (02) 2411 2266 or via email reservations.jwcairo@marriotthotels.com or alternatively, through any Marriott worldwide toll free reservation number, marriott.com or your travel counselor.
