

clean air
PASS IT ON

Smoke-free Policy

Effective 1st May, 2008

One reason the air smells so clean and fresh in the restaurants, bars and in your room is the smoke-free principle. For the benefit of everyone, smoking is no longer permitted in any of our resort guest rooms or indoor restaurants and bars.

Evidence of violation of our smoke-free principle will result in a USD 250 charge.

We certainly understand that some of our guests still enjoy smoking. We simply ask that you step outside and enjoy the views from the balcony or terrace.

THANK YOU FOR YOUR COOPERATION.
