

# SECOND HOME™

## KITCHEN + BAR

**Like a Big Hug at the End of a Long Day.**

**With one arm around modern home-cooking and the other outstretched around a chic, ambient, fire-lit setting, Second Home Kitchen + Bar delivers modern American polished comfort food with spins on timeless favorites.**

**In a space that evokes a sense of style and ease, Second Home offers an honest menu accompanied by an abundant selection of hand-crafted American micro-brews and international wines - without pretense and with all the comfort of home.**

**Second Home puts both the main kitchen and a large in-house rotisserie to work to offer a complex, yet familiar semblance of meat, poultry and fish dishes. A variety of artisanal pizzas arrive straight from the restaurant's brick oven to the table and side dishes are classic accompaniments to the comforts found in each and every meal.**

**Relax in a setting that recalls cozy weekend getaways, while indulging in the fine food of a cosmopolitan restaurant. In no time at all, you'll be calling this urban retreat your second home.**
