

Doha Golf Club

OVERVIEW

Nothing reflects the natural beauty and diverse landscape of Qatar more than Doha Golf Club. Designed by Peter Harradine and unveiled in 1997, the 7355 yard 18-hole Championship Course and floodlit 9-hole Academy Course provide a variety of challenges that will appeal to both the novice golfer and the seasoned professional. Besides the world class golf courses Doha Golf Club also offers amiable dining experiences with 3 restaurants to choose from, state-of-the-art training facilities and comprehensive coaching packages.

CHAMPIONSHIP COURSE

Each of the 18 holes varies dramatically in character, of which the 9th (639 yards) and the 18th (587 yards) are true giants. The course is not only a real pleasure for long-hitters, as hazards such as natural rock formations, sand benders and water is a plentiful. Lush green fairways, greens and water hazards now dominate an area, which, 9 years ago, was a barren desert landscape. To complete the transformation palm trees, trees and shrubs were planted together with 65 cacti specially imported from the Arizona dessert. Eight artificial lakes ensure that the 150 hectares of manicured fairways and superb greens are maintained to a standard that has won unanimous praise from both PGA European and Asian Tour players and officials.

ACADEMY COURSE

For golfers who find the challenge of the 18-hole Championship Course a little too demanding, the Club offers a 9-hole floodlit Academy Course, ideal for the novice and less-spectacular views of the West Bay Lagoon and is maintained to the same high standard as the Championship Course. Its floodlights enable golfers to manage a round after work and play until midnight.

TRAINING FACILITIES

The Club's Golf Academy is a state-of-the-art teaching and practice facility featuring superb custom-built chipping, putting, and bunker practice areas. The Academy brings together a multinational team of dedicated PGA teaching professionals with a wealth of golfing knowledge and experience. The aim is to help golfers by using professional knowledge, hi-tech equipment, good communication skills and the simplest and most effective teaching methods, making it easy to learn the game. All of the Club's tuition programs offer the unique opportunity to use the V1 Video Swing Analyzer, hi-tech computer and video equipment. Also available is the revolutionary Explanar Golf Training System.

QATAR MASTERS

The Qatar Masters has been a regular feature on the PGA European Tour schedule since 1998 and having just passed its 10th anniversary can boast a glamorous list of players who have graced the magical desert layout. Winners of the Qatar Masters include major champions Ernie Els, Paul Lawrie and this year's championships Matchplay champion Hendrik Stenson. The list of players who have featured at the Commercialbank, Qatar Masters is endless including Sergio Garcia, Vijay Singh, Adam Scott, Chris DiMarco and many more.
