Marriott Serving Ashbourne Community

Location: Garden City, Ashbourne, Co. Meath
Date: 10th June 2009

The Ashbourne Marriott Hotel's Management Team rolled out its new Corporate Social Responsibility Programme for the first time in conjunction with the Residence Committee of Garden City and Crestwood

Marriott's motto or Mission Statement is "Spirit To Serve". As Marriott employees we show our Spirit to serve our guests, fellow employees and the local community.

The Hotel's team take pride in welcoming our guests to Ashbourne and with the same enthusiasm we have gone towards serving our community. The ongoing initiative kicked off on Wednesday where 12 managers spent a "sunny" June morning re planting an overgrown area in Garden City. The area which had become neglected was adjacent to St. Declans National School will now be a source of enjoyment for the local children and residents.

Under the watchful eye of some residents the team took to work digging the area and sowing grass and trees. The sun shone down for the day however after a lot of aching limbs the team prayed for the rain to come to water the soil. Thankfully at 8pm that night the sky opened with a Thunder Shower so hopefully the team and residents will see the fruits of their labour!
