OAKLAND CITY CENTER

The Oakland Marriott City Center has recently undergone a phenomenal renovation. The “Get Jazzed for Change”, \$17 million refresh, has transformed almost every area of the hotel including guestrooms, corridors, lobby, meeting and event space, exterior entry, and concierge lounge. The Oakland Marriott City Center has been decorated with warm, bright colors and natural elements. Jazz & Blues inspired touches have been implemented into the fresh, new design that encompasses a sophisticated and contemporary look. This design is sure to make both business and leisure guests feel comfortable and relaxed during their stay.

Both the hotel’s new restaurant and bar, LEVEL TWO and Twelve Bar Lounge, have also been renovated to fit the hotel’s new theme. LEVEL TWO, open for breakfast, lunch, and dinner, is open for guests to enjoy a comprehensive wine menu and a fresh take on shareable dishes. At Twelve Bar Lounge, guests can enjoy dinner while watching their favorite sporting events on flat screen televisions.
