HOLISTIC AREA

A secluded relaxation area to escape from the world outside. Access is controlled into this area to prevent disturbances and breaks of calmness.

Mediterranean Sauna

Similar to the Finnish sauna the dry, hot air detoxifies, stimulates and regenerates. 90°C

Roman Sauna

This sauna radiates heat from its benches and walls offering a slower heating process for the body which lasts longer and penetrates deeper. 65°C

Herbal Sauna

The use of fresh herbs infused with aromatic essences to stimulate the senses, heal the body and soothe the mind. 50°C

Ottoman Steam Room

This room uses lavender infused steam which is beneficial for the respiratory system and for deep cleansing of the skin. 40°C

Cistern Steam Room

The body heats up gently which stimulates the blood circulation and initiates a purification and detoxifying process. Mint is infused into the process to help aid the respiratory system. 40°C

Salt Inhalation Bath

The steam in this room contains a specific salt solution that through inhalation is highly beneficial for purifying the breathing system and frontal sinuses.

*Aqua
Meditation Room*

Designed to promote a deep state of relaxation, this 30°C room also includes subtle sound effects and a mild camomile scent. It assists to calm mind, body and soul before or after a Spa treatment.

Reflexology Bains

Relaxation on a heated seat while soaking tired and weary feet in warm, bubbling water. This helps to circulate the blood and relieve aches and pains.
