COURTYARD SAN ANTONIO AIRPORT HOTEL IN TEXAS COMPLETES LOBBY RENOVATION

To celebrate the San Antonio hotel's new renovation, the hotel is offering a Bistro Package containing deluxe accommodations, breakfast or dinner at the Bistro and choice of beverage.

San Antonio, TX – August 2, 2011 – Marriott International, Inc. announced that the 145 room Courtyard by Marriott located at 8615 Broadway Street in San Antonio, Texas, has completed a major renovation of its lobby. This [San Antonio hotel](#), located near the Alamo and River Walk, now features the brand's new refreshing business lobby concept, designed to give travelers the flexibility to work and socialize however they choose while on the road.

"From day one, Courtyard has prided itself as a brand that listens to what travelers want from a hotel," said Janis Milham, Vice President, Global Brand Manager, Courtyard by Marriott. "Guests want more control and choice with services and amenities that create a healthy balance between working and relaxing. We redefined the Courtyard lobby so it invites guests to get out of their rooms to work, socialize or for entertainment, whether traveling alone or with colleagues."

The open, bright and contemporary new Courtyard [San Antonio hotel](#) lobby welcomes guests with vivid contrasting colors, including blue, green, orange and red. The traditional front desk is replaced with separate welcome pedestals to create more personal and private interactions when guests check in. This will allow staff to move about to show guests the lobby features and provide assistance. Flexible seating options range from a communal table in the middle of the action, to more private media booths with high-definition televisions, to a more intimate, semi-enclosed lounge area.

The new high-tech additions position this Courtyard hotel as one of the leading hotels near the [San Antonio International Airport](#). A signature element of the new lobby is the exclusive GoBoard™ technology, a 52-inch LCD touch screen packed with local information, maps, weather, and news, business and sports headlines. Guests can navigate using the touch screen to find restaurants, local attractions and directions.

Guests can connect to free WiFi and there are ample electrical outlets throughout the lobby to power digital devices. The enlarged business library features several complimentary computer terminals along with a free printer and separate computer stations dedicated to printing airline boarding passes and checking flight status.

Dining has been completely redesigned with The Bistro – Eat. Drink. Connect™; offering casual, flexible seating; easier access to food and higher quality, healthier menu options for breakfast; and light evening fare, including snacks, wine and beer so guests can unwind. The Market™, a 24/7 shop for snacks, beverages and sundries, is always open for late night cravings or for purchasing toothpaste.

Guests are invited to visit this Courtyard hotel near the airport and take advantage of the new upgrades with the [Bistro Package](#). The package includes deluxe accommodations, breakfast or dinner in the new Bistro-Eat. Drink. Connect™, and a choice of beverage (includes beer or wine with dinner).

Green has been Courtyard's signature color since Marriott launched the brand 25 years ago. Now it is even greener with the introduction of a guest recycling program for the environment. Receptacles for paper, glass, plastic and metal will be conveniently located by side exits.
