

**How:** Start off by walking

**Where:** Exit the Marriott on the Riverwalk side of the hotel to the path along the river (away from the Mall). A 3-4 minute walk brings you to the "T" in the river. To the left is Dirty Nellies, **1** your first stop. Leaving Nellies, stay right and cross the footbridge following the "right 'T' of the river. Stop in **2** the Landing for some live jazz. Next: **3** Mad Dog's, where you can enjoy darts or pool. A little further down, cross another footbridge. To the left you'll see **4** Waxy's Irish Pub. After Waxy's, continue up the river on the same side and to a little staircase just to the left of Paesano's. Go up the stairs to **5** SWIG then back down (carefully) and up the river to the **6** Naked Iguana. By now it's time to crawl home.
