---SANTO DOMINGO, December 3, 2008---

The Renaissance Jaragua Hotel & Casino celebrated its traditional Night of Carols and the lighting of the Grand Christmas Tree, this Wednesday December 3, in the Hotel Lobby. In this activity the main Executives of the Hotel participated and a special presentation of the Santo Domingo Catholic University Choir was showed, opening formally in the hotel the Christmas Season.

During the event, the Santo Domingo Catholic University Choir delighted all attendees with a selection of the most popular Christmas songs and carols while tasting a flavorful Dominican Eggnog and Christmas Cookies specially created by our Executive Chef.

The act was preceded by the General Manager of the Hotel, Mr. Eduardo Reple, who welcomed all the presents and thanked the clients and related partners for being with them in this event, that officially opened the Christmas season in the hotel.

“For us it is a true pleasure to prepare this activity every year, because it represents a special moment for us to share with our clients in a casual atmosphere, full of joy and peace, away from the businesses, the office and the drive that the present times represent”.

The Renaissance Jaragua Hotel & Casino has maintained this tradition for several years and it offers a necessary pause within the accelerated life of the city, to enjoy the Christmas time in an event open to the public. This Christmas Carol Night will be presented the first 3 Wednesdays of the month of December, reason why during December 10 and 17, all the interested will be able to enjoy in the Lobby of the Renaissance Jaragua Hotel & Casino the presentation of the Santo Domingo Catholic University Choir with their Christmas Carols.
