## Pirate's Treasure Trail

SANYA MARRIOTT RESORT & SPA  
TEAM BUILDING PROGRAM

PIRATES OF THE YALONG BAY  
Pirate's Treasure Trail

This outdoor program is a combination of the most important components in teambuilding; icebreakers, energizers, problem solvers, and everyday life encounters. It mainly focuses on ways to bring positive energy to the group and develop relationships between participants through a pre-designed set of physical and mental activities. Teams will be separated and given different colored bandanas to get them ready for the high energy and fun filled day. The activities will be personalized by our Recreation team to suit the group's needs, or a particular theme can be chosen by the client. These sessions can be altered to accommodate and promote a new company motto or policy.
