SHELLAC,™ THE REVOLUTIONARY NEW NAIL PRODUCT, HAS ARRIVED IN PRINCETON AND IS ONLY AVAILABLE AT THE SPA AT FORRESTAL!

PRINCETON, NJ (May 19, 2010) — Ladies who have been waiting to say goodbye to nicks, chips, and smudges on their manicures, can now say hello to Shellac™, the first hybrid nail color that has no dry time and guarantees no chips, cracks, scratches, or dulling. It promises to revolutionize the nail industry — it was recently featured in *The New York Times!* — and it is available first in Princeton at The Spa at Forrestal at the Princeton Marriott Hotel and Conference Center at Forrestal.

According to April Velotti, Manager of the [spa in Princeton](#), Shellac by Creative Nail Design has been five years in the making and is incredibly easy to apply. There is no drilling or buffing and no lengthy dry times. Patrons simply have a base coat, color coat, and top coat applied, sit under the UV lamp for 10 minutes, and they'll have a perfect manicure with a mirror finish for the next 14 days! And removal is easy too — it takes just 10 minutes with acetone nail polish remover.

Shellac comes in 14 shades — including the ever-popular French manicure — and is offered at the special promotional price of \$31 at The Spa at Forrestal.

For those who want to be among the first to try Shellac, contact The Spa at Forrestal for at 609-897-7520 to book an appointment.
