

LIVE HEALTHY, STAY PURE.

Perhaps there is no greater valued amenity when you travel than peace of mind. So it's nice to know that if you, or a member of your family, suffers from allergies, Marriott® now offers select hotels where you can be confident your stay will be comfortable.

Breathe easier with PURE Rooms

By partnering with PURE®, cutting-edge experts in enabling allergy-friendly guest rooms, Marriott has installed the latest PURE Allergy-Friendly technology in several designated hotels throughout the U.S. After the initial conversion to a PURE room, patented technology and ongoing maintenance is put in place to ensure that they remain 99.9% allergen-free.

Each revolutionary PURE Allergy-Friendly guestroom features:

- In-room, medical grade air purification system
- New micro-fiber hypo-allergenic mattress and pillow encasements
- Sanitized soft surface to wipe out allergen triggers
- Disinfected air conditioning and heating systems- conditions maintained with tea tree oil
- Pure Shield – a semi permanent barrier applied to all surfaces to kill bacteria to inhibit the survival and growth of bacteria and other contaminants

Now you can rest easy, sleep comfortably and wake up refreshed and ready to go. You won't find a purer way to enhance your hotel experience.

Book your allergy-friendly room today at MarriottFairviewPark.com.
