

Marriott
ZÜRICH

ENVIRONMENTAL CONSERVATION AS A CORPORATE GOAL.

Main Guideline

The Zürich Marriott Hotel aims to secure and implement a socially sustainable, economically feasible and ecologically effective, continuous development process of the hotel.

The Zürich Marriott Hotel fulfills the requirements of an environmental management system in accordance with ISO 14001.

Our key areas of focus lie in the monitoring and reduction of energy consumption, recycling of daily waste, the usage of recyclable materials as well as trainings for associates.

All associates are aware of their social responsibilities in regard to their continuous efforts to improve the quality of our environment.
