Marriott International works with its supply chain to help develop innovative products and programs that deliver superior performance while meeting our sustainability goals. We collaborate with suppliers to conserve energy, reduce water use, increase waste diversion and incorporate more sustainable materials.

**GOALS/TARGETS**

We work with our global procurement groups, including our North American partner, Avendra®, to establish our sustainability goals, including:

- Striving to ensure that 100 percent of our North American suppliers will have sustainability policies established by the end of 2016.
- Identifying 10 product categories and championing improved sustainability in these categories by the end of 2016.
- Working with key strategic suppliers to improve the sustainability practices of their companies, as well as the sustainability of products that they provide to Marriott.
- Continuing to work with MindClick and our Furniture, Fixtures and Equipment (FF&E) suppliers to measure and encourage more sustainable practices and products.
- Removing injected molded foam products, beginning with cups, from our hotels.
- Continuing to increase the sourcing of more sustainable seafood for our restaurants and banquets worldwide.
- Working with our suppliers to improve their animal welfare efforts. This includes directing our suppliers to:
  - Use only cage-free eggs and liquid egg products for any Marriott egg specifications by 2015.*
  - Discontinue the use of gestation confinement crates in their production processes for any Marriott pork specifications by 2018.
  - Source down and feather products from suppliers that verify that products come from humane sources and are third-party certified.

*Please see next page for an update on our progress.

GLOBAL/REGIONAL INITIATIVES

Our global furniture, fixtures and equipment (FF&E) suppliers are required to enroll in our annual Supplier #Sustainability Assessment Program (MSAP) administered by MindClick http://bit.ly/1F1bdCE

Over 50% of Marriott FF&E vendors reported #ConservationEfforts in MindClick’s 2014 Sustainability Index. 28% reduced energy use, 26% reduced water & 20% reduced waste http://bit.ly/1Gsr5TP

Avendra is focusing on #sustainability & #LocalSourcing in key categories. First up: personal paper, LED lighting & foodservice disposables; next: seafood, packaging, uniforms & textiles.

We work w/ suppliers like Kimberly-Clark® to source #ResponsibleFibers: Our bath tissue & personal paper products have a minimum of 20% #RecycledContent & 100% of the products have #ForestStewardshipCouncil certification.

#Efficiency: In 2014, our supplier @Ecolab helped reduce our waste by 1 million+ lbs, thanks to housekeeping, kitchen & laundry solutions that use #LessPlastic packaging.

Marriott’s 2014 Supplier #SustainabilityAward goes to @CintasCorp for their innovative approach to helping us meet our #EnvironmentalGoals http://bit.ly/1F97Ht1

SPECIES PRESERVATION/ANIMAL WELFARE

Effective July 1, 2014, Marriott bans sale of #SharkFin in worldwide restaurants #SustainableSeafood http://bit.ly/1MIvLnJ

Marriott sources down & feather products from suppliers that verify that products come from humane sources and are third-party certified, incl. Pacific Coast®, which received #ResponsibleDownStandard certificate.

We continue to work with our pork suppliers on our 2018 goal to source from farms that are #GestationCrate-free.

We are extending our 2015 goal to source #CageFree eggs for all brands, given the impact from avian flu and its related pricing spike. #CageFree eggs are served in 76% of our Marriott® JW Marriott®, Renaissance® & Ritz-Carlton® hotels, and will be available in 850 Courtyard® Bistros in October 2015.

IN 2014, WE SHREDDED MORE THAN 1.4 MILLION POUNDS OF PAPER THAT WAS THEN USED BY MANUFACTURERS OF RECYCLED PAPER PRODUCTS
