## Evergreen Table Centerpiece

How to make a decorative plant centerpiece for your holiday table or mantle.

### Materials:

- Container
- Floral foam, soaked in water
- Assorted fresh cut evergreen foliage
- Fresh cut holly with berries
- Pine cones
- Assorted glass millimeter balls
- Wooded pick

### Steps:

1. Add the soaked oasis to the container and secure with floral tape if needed.
2. Go around the container with greenery and insert into the floral foam to hide your mechanics.
3. Continue to fill in the container with greenery until all the floral foam is covered and your desired shape is reached.
4. Add holly with berries.
5. Add pine cones.
6. Add glass millimeter balls.
