Taste. Compare. Discover.

Our Wine Flights invite guests on a sensory journey designed for those who explore wine with curiosity and pleasure. Three carefully selected glasses, served side by side, revealing contrasts, affinities and stories that only emerge when tasted with intention.

From distinctive grape varieties and regions to different wine styles, each flight is a guided experience — ideal for deepening knowledge, challenging the palate or simply enjoying a relaxed yet characterful tasting moment.

More than drinking wine, it is about understanding what changes, what surprises and what moves you. Why choose just one, when you can discover three?
