

GLAZER CHILDREN'S MUSEUM

Our mission is to create a learning laboratory where children play, discover, and connect with the world around them to develop as lifelong learners and leaders.

We know that children need play now more than ever. The past months have created fear, loss, and change for our children, and we know that play is a balm for the stress our families are under. As a vital part of this community, we are committed to serving the children of Tampa Bay and remain steadfast in our mission to provide a safe outlet for imagination and discovery.
