THE SHAZAY HAIRSPA EXPERIENCE – YOUR 7 STEPS TO PERFECT HAIR

1. CLEANSING

Your hair is gently cleansed with a specially selected shampoo tailored to your hair type. Whether gentle or deeply nourishing, this step sets the foundation for healthy, radiant hair.

2. DEEP CONDITIONING

After cleansing, your hair receives an intensive treatment with a hair masque designed to deeply penetrate the hair structure, restore moisture, and repair minor damage – perfectly suited to your hair's needs.

3. DIAMOND STEAM TREATMENT

A luxurious steam bath with diamond-filtered water enhances the masque's effectiveness. Afterward, your hair feels soft, silky, and revitalized.

4. DIAMOND DHARA

Experience pure relaxation with our exclusive Diamond Dhara, inspired by Ayurvedic traditions. Gentle streams of diamond-filtered water stimulate your scalp, improving circulation and leaving you feeling deeply relaxed.

5. SCALP CARE

Your scalp is treated with a powerful blend of active ingredients. Vitamins and nutrients strengthen hair roots, encourage hair growth, and prevent hair loss, while soothing elements nourish and revitalize the scalp.

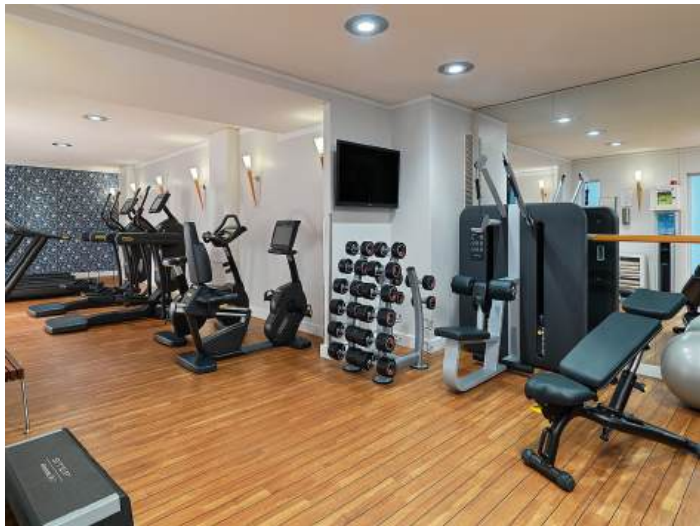

6. HEAD AND NECK MASSAGE

7. A SCENTED FINALE

Please arrive for your treatment wearing a bathrobe, which you can obtain from your room or at the Le SPA reception.

During the treatment, all intimate body parts are covered with towels. We are also happy to provide disposable underwear. We recommend refraining from shaving immediately before a body treatment or peel to avoid redness and irritation. However, for men, we recommend shaving on the day of a facial treatment to achieve the best results.

Please inform the Le SPA staff when booking if you are pregnant or have recently had surgery.

The last treatment is possible an hour before the end of the opening hours.
