## 808 MOVEMENT — CLOSED LOOP AND SUSTAINABLE COCKTAILS

### WELCOME TO THE 808 MOVEMENT

At W Amsterdam we are joining the Marriott Hotels community around the globe to strive for more sustainable consumption and promoting positive sustainability at home and in venues.

### THE VISION

Our champion is 808 and they are leading the way to create a community of like-minded people around the world who believe that less is always more, quality is king and if a choice exists to make a more conscientious choice in consumption, then it's not a choice at all.

### CLOSING LOOPS

Our 808 Principles are simple - To Reimagine, to Reinvent by Recycling through Reuse, and Mix the old with the new.

### HOW

By bringing together the right people and expertise to share knowledge and boost awareness of conscientious consumption. 808 believes in authenticity, reliability, the commitment to do the right thing. But even 808 is not perfect, as they have their human side and with that come faults. Following sustainable practices is not black or white and is not always possible. However if we all choose to be more sustainable when we can, that change might just be enough to tip the scales in our favor. Meet 808 and view our range of Closed Loop sustainable cocktails.
