Heavenly Spa by Westin

At Heavenly Spa by Westin, we believe that much of the value of the spa experience comes not only from our facilities but from having the item. A space for silence, separation from technology, and personal reflection and contemplation. Throughout the spa experience, we try to touch people across seven senses: the five physical senses of sight, sound, touch, taste and scent, as well as the psychological senses of emotion and meaning. Heavenly Spa by Westin is a place to recover, rejuvenate and come out feeling renewed. We want our guests to leave the spa, not only feeling physically better, but with a fresh outlook on life, with new insights, and a sense of clarity about where they are going, what they wish to accomplish, and what they value.
