# Celebrate Timeless Festive Traditions

## St. Regis Legendary Rituals

The St. Regis Bermuda celebrates three legendary rituals; each signature ritual is symbolically a representation of the unique St. Regis heritage that bring to life the quintessential stories that transcend us to a timeless place of joy and splendor.

### *Champagne Sabering*

The transition from day to evening is marked by ceremony that touches all the senses sight, sound, touch, and smell. The sun will move from Gates Bay over to Tobacco Bay to create hues of pastel pinks, purples, and blues creating the most exquisite sunset coveted by many seen by the few at St. Regis Bermuda Resort. As we welcome the evening the iconic St. Regis Art of Champagne sabering is revived. Join us as we welcome the evening in style on the Terrace of the Great Hall for our St. Regis Champagne ritual.

*Daily at 6:00pm*

### *Afternoon Tea*

Indulge in delights during our refined private afternoon tea which can be enjoyed in the Great Hall or the St. Regis Bar and many other locations on the resort tailored with care for you and your guest with finest selection of teas and pastries.

*24 hour reservation required*

### *Gates Bay Bloody Mary*

The Gates' Bay Mary is The St. Regis Bermuda's visionary ode to the iconic Bloody Mary, with the local Gosling's Black Seal Rum, Umami spices and juices. The unique and modern twist of the Bloody Mary was created at the original St. Regis Bar in New York many years ago originally named the "Red Snapper".

*Available upon request*
