ALL IN GOOD TASTE.
CREATIVE CULINARY
Surround yourself with fresh, simple ingredients. Then stir up your imagination. We relate to local farmers who relate to the environment, and our in-house bakery, butcher shop and herb garden create the stage for our award-winning chefs to showcase their culinary talents.

CUSTOMIZABLE CHOICES
No group is the same as the next one. That’s why we strive to offer an array of culinary choices to satisfy all palettes. Whether you need vegetarian options or a selection of food for specific dietary needs, we’ve got it. Also ask about our “Fit For You” dining menu for healthy alternatives. Customize everything from each meal of the day to a full reception package or all day breaks.

AWARD-WINNING SERVICE
Let our award-winning chefs and culinary experts craft the perfect menu for your next event. We take our commitment to serving great food well beyond expectations. From custom-cut meats and chops to hand-rolled croissants, we demonstrate our commitment to excellence in every bite.

LOCAL FARE BEYOND COMPARE
We work with local farmers who practice sustainable farming to reduce negative impacts on our environment. We embrace the concept that food doesn’t have to be fancy to be good, striving for simple food that celebrates nature’s bounty.

IMPRESSIONS EXTRAS
We take pride practicing time-honored culinary traditions and techniques forgotten by so many today. Stocks, soups, salad dressings, sauces and sausages are made from scratch and even french fries are hand-cut daily, among the thousands of other items we produce.
