

TWO HOTELS ARE BETTER THAN ONE

Marriott is excited to now offer two unique properties that can be booked under a single contract to exceed even the most demanding meeting requirements. The Washington Dulles Airport Marriott and Westfields Marriott Washington Dulles have joined forces to provide meeting planners over 450 guest rooms with shuttle service provided between the two properties. Accommodate up to 560 people in a schoolroom setup or explore more intimate settings through a number of break-out options, including plentiful outdoor event space.

This cost effective opportunity affords easy in-and-out accessibility, ample free parking, significant food and beverage variety, a nearby golf course and complimentary airport shuttles. It's another way Marriott is advancing the art of hosting.
