# CONNECTING YOU TO SO MUCH MORE

A Marriott dual-branded property is the combination of two powerful and distinct brands from the Marriott portfolio — connected under one roof at one location - paired to provide unprecedented flexibility when it comes to choosing the right hotel for your needs. While the fusion of two hotels provides common access to some amenities and services that otherwise might not be available in a single hotel, each brand preserves the unique guest experience that defines its identity.

Plus, we streamline the billing process with one point of contact for both hotels. For meetings and events, Marriott connects you to so much more.
