Courtyard Charlottesville North Debuts Redesigned Rooms

Innovative design and flexible spaces at UVA hotel tailor to the needs of today's travelers

Charlottesville, VA – The [Courtyard Charlottesville North](#) has completed a major renovation of its guest rooms to offer even more comfort with a sophisticated style.

As one of the premier hotels in Charlottesville, the Courtyard provides flexibility and choices that allow guests to optimize and elevate their travel experiences while staying in comfort.

Whether traveling for business or pleasure, guests of the Charlottesville hotel near the University of Virginia will have convenient access to Fashion Square, UVA, Monticello Plantation, Shenandoah National Park and Virginia Discovery Museum.

Courtyard constantly researches trends and evolves to meet the changing needs of its guests. The latest room design offers hybrid zones for working, sleeping, relaxing and getting ready. Indirect lighting and a neutral, tone-on-tone color palette make for a soothing and calm environment.

“From day one, Courtyard has prided itself as a brand that listens to business travelers,” said Janis Milham, senior vice president of modern essentials and extended-stay brands. “Today’s technology has changed how people travel. Our guests want a room that has purpose and flexibility that enables a seamless transition between relaxing and working. Courtyard is designed to offer them a relaxing and functional space to work the way they want to, when they want to.”

The new room design is intuitive and thoughtful and offers flexible yet comfortable spaces that enable technology. Signature furniture and architectural elements replace traditional art in the new guestrooms at this premier UVA hotel. The lounge-around sofa offers a pop of color and a comfortable area for relaxing or working. The new design also features a light desk on wheels, allowing guests to work from anywhere in the room.

The hotel in Charlottesville also offers the Refreshing Business lobby environment where guests can enjoy an open and bright area outside of their rooms. Along with media pods, complimentary Wi-Fi and a variety of seating zones, the redefined space is ideal for everything from pop-up meetings to social gatherings. The lobby also features The Bistro – Eat. Drink. Connect., offering flexible seating, easy access to food and healthy menu options for breakfast. Light evening fare, including snacks, cocktails, wine and beer, also are available to help guests unwind.

Throughout the UVA hotel, guests can connect with ample electrical outlets. The business library features several computers along with a printer. Separate computers in a boarding pass area are dedicated solely to printing airline passes and checking flight statuses.
