

WE'VE FOUND THE PERFECT PLACE NOT TO OPEN A HOTEL.

It's called Juma, 1.4 million pristine acres in the Brazilian rain forest. Part of it is being destroyed. So we're donating \$2 million to preserve it, a small price to pay for something that can't be recreated. At Marriott® International, we believe that every day is a chance to live and work in harmony with the Earth. That's why we've reduced our waste, water, and our energy use, and why we're asking our major suppliers worldwide to provide greener products. It's also why we're inviting our guests to green their stay by making a small contribution to help preserve the rain forest every time they book a room at Marriott. Small steps make a difference.

GREEN YOUR STAY AT MARRIOTT.COM
