Frequently Asked Questions

Can we have the event on a Saturday?

Saturday wedding dates are available for an additional \$500.

How does payment work?

All payments are made directly through the Castle Hotel unless you have upgrades with the vendor separately. To reserve your wedding date a deposit of 25% of your total package price is due at signing. There are second and third deposits due throughout set dates and the remaining balance is due one week before your wedding.

What if we are having a reception only?

You can certainly have a reception only! The package price does remain the same.

Can we upgrade our services with the vendors?

Absolutely! If you are looking for full planning, floral centerpieces, glass chargers or any additional items you are welcome to contact the vendors after you book and contract these services separately through them.

Can we substitute a vendor for another one we know? Or can we pick and choose which vendors we want in the package?

The vendors within our package have given a special bundled price for all of the Castle wedding couples in which case we will not be able to substitute or take out any outside vendors.
