

# Now even more accommodating for families with special needs.

Fairfield by Marriott®  
Orlando at SeaWorld®  
10815 International Drive  
Orlando, FL 32821  
407.354.1139  
[Marriott.com/MCOFW](http://Marriott.com/MCOFW)

There's nothing like getting away to enjoy the rejuvenating Florida sun. Research has shown that interacting with water and animals, and playing outside are therapeutic for children and adults on the autism spectrum. That's why we have completed extensive training from leading experts.

We are proud to announce that we are now one of the first Marriott hotels in Florida to be a Certified Autism Center. This means at least 80 percent of our staff has been trained and certified in the field. We remain committed to ongoing training to ensure our teams are equipped to provide the best service for guests with autism and other sensory disorders. It's just another way we are providing you with a balanced, relaxed stay.
