INSPIRATION, REIGNITED

A vibrant city, curious at heart. Modern design draws clear and straight lines through interesting rooms and indoor surroundings – in close proximity to the main station, the Le Méridien conference hotel promises unforgettable stays right in the hub of activity and the energy of life. If you travel by bus, train or airplane, we're easy and quick to reach. Put down your suitcases and take your time settling in - or start right into your meeting.

SPACE FOR CREATIVITY

Are you here for work or to celebrate? We have nine conference rooms that hold up to 220 guests for every kind of event. Each room invites the sun through generous windows, and has high-speed Internet. We can equip our rooms on demand with state-of-the-art audio-visual technology. In the small business center adjacent to the Le Méridien Hub, we offer several workstations and printers that run 24/7.

UNIQUE EXPERIENCES

The grand "One of a Kind" ballroom with separate foyer awaits its guests with a magnificent atmosphere and mood. You can leave through a door that leads out onto a green patio with a central fountain. Just start your party there or let your thoughts take a break in the fresh air. An Éclair or pretzels? Enjoy with a coffee or traditional Bavarian "Mass" (pint) of beer. Guests can either "escape" from meetings or the next dance and spend a few relaxing minutes outdoors.

INNOVATIVE CONCEPT

Creative meeting setups, special gimmicks, the slightly different coffee break. Your meeting, planned innovatively and implemented individually. Brain food? Candy bar? Boccia break in the inner courtyard? Drinks, to celebrate the success? Here your meeting is an event to remember.

FOOD FOR THOUGHTS

International and local, à la carte or buffet, finger food, low carb, dessert dreams und vitamin bombs: Breakfast and coffee breaks in modular system, dinner creations chef's choice or according to your preferences. We create a culinary complement that suits your meeting.

MEET & RELAX

The spa and fitness area is perfect for your recreation: at the 24/7 gym with fitness equipment for stamina and strength in the gym, in the sauna or diving into the pool, one of the longest in the city and perfect for a swim.

In all of the 381 guest rooms and suites you dream in the Le Méridien bed. Clear design, comfortable lighting and floor-to-ceiling windows create a creative atmosphere bathed in light. The rooms are equipped with air conditioning, flat screen TV, high speed internet access, safe, wireless telephone as well as iron and ironing board. WIFI is free at Le Méridien Munich, coffee and tea facilities are provided in the rooms.
