

Environmental Charter 2020

Since 2009, the Paris Marriott Rive Gauche Hotel and Conference Center is involved in an **Environmental Responsibility** initiative to achieve our annual goal of reducing our impact on the environment. Our fundamental values are focused on the importance of preserving our environment. We are committed to the spirit to serve our **customers, our associates and our community**.

Approved by the **eco-label Green Key**, the Paris Marriott Rive Gauche Hotel is increasing its environmental engagement.

OUR COMMITMENT

The hotel is committed to **reduce its environmental footprint** with various objectives in 2019:

- Reduce the energy consumption (electricity **-0.98%** / water **-2%**)
- Increase the sorting of waste (**+5%**)
- Respect all environmental regulations
- Raise awareness among the hotel team

These objectives go hand in hand with our existing engagement with our partner **WWF** as well as with the global Marriott program "**Serve 360**".

OUR ACTIVITIES INCLUDE

- **Water conservation:** 100 % of our water reducers' systems limit the waste
- **Energy conservation:** We are transitioning all our lighting systems to energy with motion sensors
- **Waste reduction:** Our establishment guarantees selective sorting
- **Responsible purchase:** We choose suppliers that are committed to a sustainable development
- **Biodiversity:** Our hotel is involved in recognizing associations such as WWF
- **Raising Staff Awareness:** Our «Green Team» raises staff awareness on the protection of our planet by eco-friendly gestures
