## **WE ARE DEDICATED TO ENVIRONMENTALLY CONSCIOUS HOSPITALITY OPERATIONS**

### **THE GREENING OF MARRIOTT**

*"We aspire to be the global leader that demonstrates how responsible hospitality management can be a positive force for the environment while creating economic opportunities around the world."*

*"On this planet, we're all visitors, or guests. I prefer guests because that's what people who visit our hotels are."*

– J.W. Marriott, Jr. Chairman and CEO, Marriott International, Inc.

### **OUR PLEDGE TO THE ENVIRONMENT AND COMMUNITY**

As part of ongoing efforts to make Portland Oregon, a healthier place to live, work and do business, the Portland Marriott Downtown Waterfront Hotel will seek first to purchase equipment, products and materials that are recyclable, made of recycled content and/or reduce waste. Whenever possible, we will work to mitigate fuel waste and create demand for products harvested in an environmentally sensitive way, and by purchasing local products from like-minded vendors.

### **WE CARE**

This property meets the highest environmental standards for waste minimization, water and energy efficiency, hazardous substances handling and environmentally responsible purchasing.

### **HOW?**

- We encourage our associates to bring in their used batteries and light bulbs to recycle.
- Our landscaping is comprised of native and drought resistant plants.
- We have been an active member of the Association of Oregon hotel operations and utilities for 20 years.

## MARRIOTT PORTLAND DOWNTOWN WATERFRONT

### HOW?

- Energy efficient fluorescent lighting through-out the hotel
- Lights are turned off when not needed
- Digital thermostats in all areas
- The majority of cleaning chemicals used are “Green” certified
- Melink Hood System in the kitchen that is heat and smoke activated

### PUBLIC TRANSPORTATION

- Located two blocks from the Portland Streetcar, the Metro Area Express (MAX) light rail) and local bus service provides low cost transportation options for our associates and guests.

### RECYCLING

- We are the first and only hotel in Portland to have a full-time associate dedicated to the collecting, sorting and recycling of the following:
  - Paper, cardboard, newspaper, pallets and scrap wood
  - Glass, plastic, batteries, Styrofoam, plastic clam shells, metal products, electronics and computers
  - Composting of food waste
  - RTI system allows us to reduce cardboard and plastic jug usage by providing a bulk oil and filtration operating system. It also reduces the amount of oil we use with its advanced filtration system.
  - All of this recycling is done “behind the scenes”
  - Last 10 years we averaged 60% diversion rate

### GUEST ROOM

- Guests can choose to participate in our linen and towel reuse program which saves water and energy as well as reduces detergents being released into the environment.
- Water saving shower heads, toilets and aerated faucets in all guest rooms and public spaces.
- New LG Energy efficient A/C units in each room
