

# A Fresh Look

Introducing the new look at the Westin Savannah Harbor Golf Resort & Spa

After successfully completing the renovation and reintroduction of its world-class golf club and Heavenly Spa facilities, The Westin Savannah Harbor Golf Resort & Spa is proud to announce the transformation of its rooms and suites. This full scale rooms renovation transformed each of its 403 guest rooms and suites into modern, coastal-minded environments - perfect for renewal and enjoying breathtaking views. The new rooms and corridors feature modern furniture with a vibrant flare while color palates contrast perfectly between cool blues and warm natural accents.

The Westin Savannah Harbor offers a refined, but accessible resort experience with newly renovated bunkers and top-of-its-class course conditions. Savannah Harbor boasts impressive catering menus from Executive Chef Anthony Burdo and a brand new 4,500 square foot Pavilion named for famed Jazz Bassist, Ben Tucker, which can hosts up to 200 guests with unobstructed golf course views. Savannah Harbor is also home to the world's largest full-service Heavenly Spa by Westin—offering innovative services like the HydraFacial and elevated sensory journeys that utilize the finest products from local vendors.
